Total: 412 in 20 states

Source: National Livestock Projects Division (NLPD) of the Federal Ministry of Agriculture and Rural Development. The information was gathered piece meal from the state governments which established the grazing reserves some over 60 years ago (some pre independence). Some of them were created under the then Northern Regional Governments in the 1960s. NLPD started as a World Bank Project in 1982 and exist to date.
